## Upcoming Roadmap

Our vision:

*Simplified route optimisation. Smarter customer experience. Effortlessly delivered.*

Get in contact with [product@maxoptra.com](mailto:product@maxoptra.com) to collaborate with us on research

### Working on

#### iOS feature parity

*Ensure all Android features are available in iOS.*

#### Two factor authentication

*Additional security level for account administrators.*

#### Samsara integration

*Integrate with Samsara GPS tracking.*

### In Research

#### Tracking widget

*Redesign tracking widget, mobile first and expand capabilities.*

#### Order traceability with scanning

*Arrival and loading scanning of items.*

#### Mixed fleet breaks

*Extend dynamic breaks to vehicle types.*

#### Sustainability reporting

*Understand your cO2 emissions.*
